PROJECTS

RESUMIFY – AI Resume Analyzer

- Developed a Django application using Python to automate resume parsing and job description evaluation.
- Implemented robust backend logic and schema management using MySQL to ensure consistent data integrity.

Pet Rescue & Adoption Platform

- Built a Django-based web application with role-based authentication and end-to-end CRUD capabilities.
- Designed relational database schemas in MySQL, optimizing queries to handle structured adoption workflows.

E-Commerce Platform (Amazon Clone)

- Engineered a responsive e-commerce web application featuring dynamic catalog displays and seamless cart interactions.
- Performed end-to-end UI testing and edge-case validation across checkout flows to enhance overall user journey stability.

Interactive Personal Portfolio

- Designed and deployed a minimalist, modern portfolio site to showcase technical projects and career milestones.
- Refined UI layout and cross-browser responsiveness through manual usability and visual regression testing.

EDUCATION

Master of Computer Applications (MCA)

2024 – 2026

Mahatma Gandhi University, Kerala

Bachelor of Computer Applications (BCA)

2021 – 2024

Mahatma Gandhi University, Kerala
